

# The Abundant Wealth of the DEAD SEA

Location Map of the Dead Sea

God dug a tremendous hole in the earth many years ago to use in storing a treasure for His people which staggers the imagination. Yes, the lowest elevation on the earth's surface is the Dead Sea. The way God arranged things, the Jordan River and its tributaries have been washing minerals down into that hole which God prepared, for thousands of years, and in recent years it has been found to be the most valuable depository of strategic chemicals in the world. George T.B. Davis, that great man of God who led the Million Testaments Campaign many years with its famous "Prophecy Edition of the New Testament has written in his book, "Rebuilding Palestine," that "One is almost staggered by the computed wealth of the chemical salts in the Dead Sea. It is estimated that the potential value of the potash, bromine and other chemical salts of its water is FOUR TIMES the wealth of the United States." With the tremendous world-wide food shortage that threatens mankind, any would-be dictator would take big risks to capture a treasure like this which could furnish enough fertilizer for the whole world, and with its other chemicals provide the explosives needed to subdue all its enemies!

Why, do you think, has the Kremlin spent billions helping the Arabs fight Israel? Just because she likes the Arabs?

No, there is little love lost between them, but Russia wants the riches of Israel and its strategic location for world domination. The Arabs outnumbered Israel fifty to one, and it seemed a simple way to get what she wanted. The Soviets would have little trouble taking it from the Arabs if those Arabs couldn't even hold their own against little Israel. But the Godless gang in the Kremlin never took into consideration that our Creator has it all written down in His Book what His plans are for Israel, and the disposal of her enemies. When Israel finally accepts her Messiah ("a nation born in a day") the nations of the earth will be beating a path to her door for those chemicals which mean life to them. God unfolded this secret through Isaiah. In the 60th Chapter, Isaiah is comforting suffering Israel with a glimpse of what God has in store for them. In verse 2 he tells us that "...the darkness shall cover the earth, and gross darkness the people: but the Lord shall arise upon thee, and His glory shall be seen upon thee." In the next verses God shows that the nations of the earth will all gather together and come to Israel, and in the fifth verse He tells them WHY: "Then thou shalt see, and flow together, and thine heart shall fear, and be enlarged; BECAUSE THE ABUNDANCE OF THE SEA SHALL BE CONVERTED UNTO

THEE, THE FORCES OF THE GENTILES SHALL COME UNTO THEE." Yes, some day all nations will need what Israel has and barter their most treasured possessions for it!

A few years ago it looked as though the Kremlin was having all its own way with making a mighty alliance out of Soviet-Arab facilities. Thousands of her scientists swarmed over as advisors, and she spent billions in arms for the Arabs and the completion of the great Aswan Dam on the Nile. But the Egyptians soon were fed up with the arrogance of the Soviet swarm within its borders and finally ordered them out! The men in the Kremlin saw the handwriting on the wall as little Israel so badly trounced her foe time and time again, and she began plotting to do the job herself. They began preparing for a tremendous invasion force to go down over the mountains of Syria to seize Israel.

For years people had laughed at the prophecy that after God destroyed that great army in the mountains that are in the northern part of Israel, that Israel would not have to buy fuel for seven years. She would be burning the weapons of her enemy. Only recently has it been known that the tanks and weapons of this army are made of non-metallic materials which burn like coal, to thwart the Israeli

metal-seeking tactical atomic missiles!

Reuters News Agency has reported large Russian purchases of special archery equipment from England, so powerful and accurate that it can shoot an arrow through a man's heart at 100 yards and it will keep on going! It is no secret that Russia has bought up large numbers of horses recently, of a type best adapted for military invasion through mountains. How wonderful the way improbable Bible prophecies are coming true these days! Who would have dreamed of a literal fulfillment of Ezekiel's prophecies of bows and arrows and horses figuring into this great battle when Russia and her satellite armies are destroyed by God in a cataclysm from the sky! Study Ezekiel 38 and 39 for God's version of what will happen to the Russian armies.

Christians, this is not a pipe dream. These are carefully authenticated facts, which fit perfectly into the pattern of Bible prophecy. Let's get busy while there is yet time, with tracts and personal witness, rescuing those who still need to receive Christ as Saviour before it is too late and His prophesied judgments come. Unsaved friend, the day of grace is still here, but it may be gone tomorrow or next week. Repent of your sins and ask Christ to take over in your heart and life, and He will, for He said, "Him that

cometh unto Me I will in no wise cast out." But this is today's opportunity. This same Saviour, now gracious and forgiving, is soon to be the JUDGE, Who, when the day of grace is over will sternly say, "Depart from me, ye cursed, into everlasting fire, prepared for the devil and his angels." Matthew 25:41.
