

THERE IS NO GOD?

**All the wonders around you
are accidental...**

No almighty hand made a thousand billion stars. They made themselves. No power keeps them on their steady course. The earth magnetized itself to keep the oceans from falling off toward the sun. The top few inches of our land just happened to have topsoil, without which we would have no vegetables to eat, no grass for the animals whose meat is our food. No one put oil just deep enough into the earth to keep until we needed it. The winds that carry delicate seedlings to fertile places were created by no one. The inexhaustible envelope of air, only 50 miles deep, and of exactly the right density to support life, is just another law of physics.

But who invented physics? Who made the deposits of coal and iron and zinc and gold inside the earth? Nobody. It was all just another accident.

Water expands when it freezes, while other substances contract. This makes ice lighter than water and keeps it floating on the surface. Otherwise lakes would be solid

ice down to the bottom and no fish could survive. Who made this arrangement?

Why does the earth spin at a certain speed without ever slowing down so that we have day and night? Who tilts it so that we have seasons?

What makes a light bulb light up? Electricity? What is it? Who showed it how to travel at lightning speed, making right angle turns and twists on a piece of wire without flying off? By the way, what is light? Who invented eyes to see light?

A young bird will migrate from Canada to Argentina. Who showed it the way? Who teaches a housedog to tear up strips of paper into a fluffy pile for puppies about to be born?

Who teaches babies to cry when they are hungry or hurt? The human heart will beat for 70 or 80 years without faltering. How does it get sufficient rest between beats? A kidney will filter poison from the blood and leave good things alone. How does it know the difference? Who gave the human tongue flexibility to form words and a brain to understand them, but denied it to all the animals?

Illnesses have specific symptoms. Why this warning? Why not many illnesses with identical symptoms? Or no symptoms? Who

put the medicines in the herbs and weeds? Did a small flower invent itself so that we could extract digitalis from it for sick hearts? Who put the healing power into penicillin?

It's all just accidental? There is no God? That's what some people say. What do YOU say?

Even with all of the abundance of evidence of God, man can never really know God until by faith he comes to know God's Son, the Saviour, Jesus Christ. Jesus came to earth to show us what God is like. His life was the life of God lived out among men. God is love. We know this because Jesus Christ loved us—so much that He died for our sins upon the Cross. To those who believe in Him, He gives peace, forgiveness, and life—real life, eternal life with Him in Heaven.

God's Plan of Salvation:

If you are not sure where you will go after you die, God can give you the certainty of spending eternity in Heaven with Him.

FIRST—He loves you, and sent His only Son, Jesus Christ, to die for you on the Cross at Calvary. *"For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life"* (John 3:16).

SECOND—Each and every one of us is a sinner: *“For all have sinned and come short of the glory of God”* (Romans 3:23).

THIRD—Salvation through Jesus Christ is the only remedy for sin in this world: *“Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved”* (Acts 4:12).

FOURTH—You must receive Jesus as your personal Lord and Saviour. *“But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name”* (John 1:12).

The moment you believe and trust in Jesus as your only hope of Salvation, you become transformed and born again. Not by words or actions, but by a life changing faith and sincerity to the Lamb of God are we redeemed. Realize that without Him, your soul is damned, then look to Him and invite Him into your life and by faith, be transformed.
